VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 2421, ABERRATION 3YO Brown Gelding by LONHRO ex HALLUCINATES**, brands as described in the 2017 Magic Millions Racehorse Sale Catalogue, was carried out at the Magic Millions Sale Complex, Bundall QLD, on the 7th June 2017, prior to the commencement of the Magic Millions sale.

Clinical Examination:

The gelding was a quality individual. He was well conformed. An athletic, compact, short coupled sprinter / miler with good girth. Standing approximately 15.2hh, he was presented in a light condition, having been in work for an extended period and having been racing. He last raced on the 14th May. He would benefit from an easy couple of weeks light work before returning to full training. All clinical parameters were found to be within normal limits. He was examined in hand, and was found to be free moving. Flexion tests were within normal limits. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to his extremities.

Full disclosure of this horse's veterinary history was available for inspection. Having read the file there were no historical issues of any significance noted.

Radiographic Examination:

X-Ray inspection was unable to be undertaken because conditions of sale do not require the vendor of any lot to submit X-Rays.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 2421, ABERRATION 3YO Brown Gelding LONHRO ex HALLUCINATES** is in so far as can be determined from the examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
