VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 6, DEEP FIELD ex ZARINIA (IRE), 2018 Brown yearling Filly**, brands as described in the 2020 William Inglis Melbourne Premier Yearling Sale Catalogue, was carried out at the Inglis Sales Complex, Oaklands Junction, VIC, on the 28th February 2020, prior to the commencement of the Inglis Premier sale.

Clinical Examination:

She was very well conformed, nicely balanced individual, athletic, with good girth and rein. She was presented in excellent condition. She is a high-quality yearling standing over good ground and walked with a good action. The filly is still immature and will develop further. This filly presents as a horse which should be better suited as a 3yo and older miler. All clinical parameters were found to be within normal limits. She was examined in hand and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to her extremities.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Inglis Complex. Upon examination, they were **low risk** as there no radiographic findings of any significance noted.

Endoscopic Examination:

Pre-Sale Videoscope showed a **Grade 1** Scope. Post-sale the upper respiratory tract was examined endoscopically, and the larynx and pharynx remain normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 6, DEEP FIELD ex ZARINIA (IRE), 2018 Brown yearling Filly**, is in so far as can be determined from the extensive examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
