## VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 30, FROSTED (USA) ex ANTARCTIC MISS (NZ), 2018 Grey yearling colt**, brands as described in the 2020 William Inglis Melbourne Premier Yearling Sale Catalogue, was carried out at the Inglis Sales Complex, Oaklands Junction, VIC, on the 28<sup>th</sup> February 2020, prior to the commencement of the Inglis Premier sale.

### Clinical Examination:

He was a strong, athletic, well grown individual, with a deep girth and a good constitution. He is a high-quality yearling presented in excellent condition. He stands over good ground. The colt is still immature and will develop further. All clinical parameters were found to be within normal limits. He was examined in hand and was found to be free moving. Stethoscope examination was normal. There was no clinical evidence of wear or injury to his extremities.

### Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Inglis Complex. Upon examination, they were **low risk** as there no radiographic findings of any significance noted.

### Endoscopic Examination:

Pre-Sale Videoscope showed a **Grade 1** Scope. Post-sale the upper respiratory tract was examined endoscopically, and the larynx and pharynx remain normal in appearance and function.

### Conclusion:

In my opinion, at the time of this examination, **Lot 30, FROSTED (USA) ex ANTARCTIC MISS (NZ), 2018 Grey yearling colt**, is in so far as can be determined from the extensive examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
