VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination was conducted on **Lot 1313 GUMNUTS, a 3yo Brown / Black Gelding, STREET BOSS x KOALA BEAR**, brands as described in the 2021 Magic Millions Summer Racehorse Sale Catalogue. This examination was carried out at the Magic Millions Sale Complex, Bundall QLD, on the 17th January 2021, the day prior to the commencement of this section of the Magic Millions sale.

Clinical Examination:

He is a high quality individual. Athletic, well conformed and presented in excellent race condition, noting the gelding had raced 11 days prior on the 6th January in Victoria. The gelding has an excellent length of rein, deep girth and stands over good ground. All clinical parameters were found to be within normal limits. He was examined in hand and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to his extremities. A full veterinary review of the complete history of the gelding was made available by the vendor to be examined. There were no findings of any significance noted.

Radiographic Examination:

Being within a racehorse section of the sale, there is no requirement to have x-rays supplied by the vendor at these sales. Therefore no x-rays were reviewed.

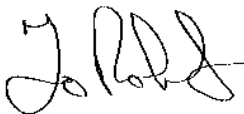

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically, and the larynx and pharynx were found to be **Grade 1**, normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 1313 GUMNUTS, a 3yo Brown / Black Gelding, by Street Boss x Koala Bear**, is in so far as can be determined from the examination conducted and recent race form, is suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
