## VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination was conducted on **Lot 207, JUSTIFY (USA) ex FIRE OPAL 2yo Bay Colt**, brands Capitals **AHS** nr shoulder, **9** over **0** off shoulder, as described in the 2022 Inglis Online Digital August (Early) Sale Catalogue. This was carried out at Coolmore Stud, 367 Golden Hwy, Jerrys Plains, NSW, on the **8th August 2022**, prior to the closing date of the Inglis Online Digital August (Early) Sale prior to its closing on 10 August 22.

### Clinical Examination:

A high-quality individual presented in good condition. He has been well handled but had not been broken-in at time of examination. He is athletic, well conformed, with a deep girth and good length of rein. He stands over good ground. The colt presents as a 3yo middle-distance style of individual. He is still immature and will develop further. All clinical parameters were found to be within normal limits. There was no clinical evidence of wear or injury to extremities. This general health check included: temperature, pulse, respiration, thoracic auscultation, as well as an ophthalmological examination for eyesight, mucous membrane colour, musculature symmetry and basic conformation, where no abnormalities were found.

He was examined in hand and was found to be free moving. There was no lameness at the walk and trot. On palpation and manipulation of the distal limbs including major joints, no abnormalities were found. The colt has a quiet temperament.

### Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Inglis Sales Complex. Upon my examination, they were considered **low risk** and there were no radiographic findings of any significance noted.

### Endoscopic Examination:

Pre-sale the upper respiratory tract was examined endoscopically, and the larynx and pharynx were found to be **Grade 2**, low risk, acceptable in appearance and function.

### Conclusion:

In my opinion, at the time of this examination, **Lot 207, JUSTIFY (USA) ex FIRE OPAL 2yo Bay Colt**, is in so far as can be determined from the examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

**Dr. T.M.B. Roberts BVSc. MRCVS**  
**8 August 2022**

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no financial interest in the above horse and no contract with any other third party. The issuer has a long-standing relationship with Dynamic Syndications to provide a detailed veterinary assessment and specific advice on suitability of prospective yearling purchases at all yearling sales within Australasia.
