VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a veterinary examination of the **bay** thoroughbred yearling **Colt** by **FARNAN** out of **HUBOOR (IRE) 2024** (as described as Lot 358 in the Magic Millions Gold Coast Yearling Sale 2026 catalogue), was performed at Magic Millions Complex, Bundall, Qld. on the 14th January 2026.

Identification:

Brands:	Near Shoulder:	M 3 OVER SCROLL
	Off Shoulder:	26 over 4

Clinical Examination:

The colt was presented in excellent clinical health, with even muscle mass and well conformed. He was a well-developed, athletic colt. Upon examination all clinical parameters were found to be within normal limits. Ophthalmic examination determined no issues of concern. Auscultation of the thorax (chest) revealed a normal and regular heart rhythm at rest, with the colt having normal lungs sounds and normal respiratory rate at rest. At the time of this examination there were no issues of concern regarding his extremities. His genitalia was considered normal and both testicals have descended.

Repository:

The radiographic and pre scale upper airway endoscopy examinations pertaining to this horse lodged in the repository at the Magic Millions Bundall complex were examined and the findings were as follows:

Radiographs: Low Risk.

Upper Airway Examination: Normal anatomy with Grade 2 function (Lane).

Conclusion:

In my opinion, at the time and within the limits of this examination the thoroughbred **Colt** by **FARNAN** out of **HUBOOR (IRE) 2024** in so far as can be determined within the scope of this examination, is suitable for syndication and all risk mortality insurance cover.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
14th January 2026

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no financial interest in the above horse and no contract with any third party.
