VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 77, MANHATTAN RAIN ex MISS EXCELLENCE Chestnut Yearling Filly**, brands as described in the 2013 Magic Millions Yearling Sale Catalogue, was carried out at the Sales Complex Bundall, Qld, on the 8th January 2013, prior to the commencement of the Magic Millions Yearling Sale.

Clinical Examination:

This was a Good Quality individual. She was well grown and strong with good musculature. She was well balanced with excellent rein. She was very well conformed. She had a purposeful stride stretching out over good ground. Excellent angulations to shoulder and pastern, long and strong forearm and short cannon. She has a strong hindquarter. She was athletic, with a good flowing action at the walk. She was a free moving individual who was presented in excellent condition for inspection. The filly is still immature and will develop further. When fully mature, she is expected to reach an above average height of approximately 16.1 hh. All clinical parameters were found to be within normal limits. She was examined in hand, and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to its extremities. There was no response to flexion tests.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Magic Millions Sales Complex. Upon examination, there were no radiographic findings of any significance noted.

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 77, MANHATTAN RAIN ex MISS EXCELLENCE Chestnut Yearling Filly** is in so far as can be determined from the extensive examination conducted; suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover.
