Horse Name: Tycoon Joy (AUS)/Snitzel (AUS) 13

Description: Bay Thoroughbred Colt

Microchip No: 985100012029937

I examined the above horse to assess its suitability to syndicate as a race horse.

The examination performed was a general health check which included taking the horse's temperature, checking mucous membrane colour, pulse quality and respiratory system. Cardiac and thoracic auscultation were performed. The eyes were assessed for vision. Musculature symmetry and basic conformation were assessed. No abnormalities were found.

There was no lameness at the walk and trot on a straight line and on a circle. The horse was sound post flexion and no response to hoof testers was found. On palpation and manipulation of the legs and major joints no abnormalities were found.

On endoscopic examination the horse was a grade 1 out of 5 (Normal laryngeal function)

No ancillary procedures such as radiographs, blood tests, drug sampling or ECG were performed.

I certify that I have no current or future interest in the above horse other than the supply of this veterinary opinion of the above examination.

Please do not hesitate to contact the undersigned if you have any queries regarding the above.

Kind Regards

from Tycoon Joy (AUS) 1995

**Brands:**  14 over 3

The above horse was examined on the above date for the purpose of providing a veterinary syndication certificate for inclusion in a product disclosure statement (PDS) for syndication by the above listed agent.

Based on the examination, which involved a clinical examination as outlined by the Australian Equine Veterinarian Association examination for mortality insurance purposes, I find no reason, within the scope of the examination, why this horse is not suitable for syndication for flat racing purposes and mortality insurance.

I declare that I do not have any interest or intended future financial interest in the horse, the proposed syndicate.

This certificate may be relied upon by prospective investors who invest in this horse; however it does not constitute a "pre purchase" examination.

Yours sincerely

Graham Doherty
