VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 537, NORTHERN METEOR ex COMEDY CLUB bay yearling filly**, brands as described in the 2012 Magic Millions Yearling Sale Catalogue, was carried out at the Sales Complex Bundall, Qld, on the 10th January 2012, prior to the commencement of the Magic Millions Yearling Sale.

Clinical Examination:

This was is a high quality filly. She was a very well conformed in her forequarter with good angulations to shoulder and pasterns. She has good bone and she possessed great strength to her hindquarter. She appears more to have the strength of a male but the feminine traits of a quality filly. She was very well balanced with good length to her rein. She is a filly that stands over good ground with an easy flowing action at the walk. She was very athletic, well grown and powerful. She was presented in excellent condition for inspection. The filly is still immature and will develop further. All clinical parameters were found to be within normal limits. She was examined in hand, and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to his extremities. There was no response to flexion tests.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Magic Millions Sales Complex. Upon examination, there were no radiographic findings of any significance noted.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 537, NORTHERN METEOR ex COMEDY CLUB bay yearling filly** is in so far as can be determined from the extensive examination conducted; suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for their purchase.
